2016- on going – consulting on what is the best use of the centre and which needs it can help to address

CLUBS

104 respondents do not belong to any club or group.

If respondents belong to a group they travel there by the following means:

35% on foot.

63% by car.

There are also people who are dependent on the help of others to get to groups or clubs.

Almost half the comments on groups or clubs related to a type of physical activity, such as Pilates, Thai chi, and exercise club, football, netball, rugby and gym activities.

Among other activities which people are already involved in, or would like to be involved in, there were suggestions for:

- Young people - from baby/ toddler groups, youth groups including Scouts and Brownies; and
- Community and socialising - dance, crafts, gardening, choir, cooking & baking and church.

Are you already a member of a group or club?
